OUR SINCERE APOLOGIES....

Dear Encore Parents,

Unfortunately, over this past weekend, two of our bus drivers quit without notice, leaving a great many students and parents stranded at stops throughout the Valley. While we do our best to hire top notch employees, it is difficult to guarantee things like this won't ever happen. Sadly, they do.

Please know, we are working diligently to rectify the bussing situation as fast as we can. We are already interviewing for these two positions and hope to have a full 5-6 bus route back on track VERY SOON!

In the mean time, please check our website DAILY for updates on pickup times and drop off times. Also, please know, on some routes, we may need to use our shuttle vans (white passenger vans) for pick up/drop off until all busses are running. Our goal is to get your children to the school ON TIME, SAFELY- every day. IF you were one of the families stranded by late or no show busses, we are very sorry and just know we are hard at work to make it right.

Finally, we generally do NOT do more than one ALL CALL per week, but given the circumstances, please listen to all messaging from ENCORE until this situation is squared away.

We take great pride in our school operations and this is no exception. As we are only in the first few days of the new school year, we are confident that the next week or so will prove our commitment to your son's or daughter's experience at ENCORE.

Thank you in advance for your patience and understanding.

All the staff at Encore Jr./Sr. High School.
